Sequoia Enrollment Climbs to New High; Grade Schools 'About Even'

School started Tuesday for nearly 5000 Redwood City youngsters, but the prevailing spirit on school campuses was one of merriment rather than gloom.

Sequoia's first day enrollment of 2069 topped last year's first day figure by 194 to establish a new high, and late registrants should bring the total to at least 2200 by the middle of October, Supt. A. C. Argo said Tuesday.

School boys and girls spent the day registering and picking up program cards. Sequoia students reported alphabetically to rooms where they checked their programs for the coming year, and paid a $2 student body fee, and optional 25-cent fees for the boys' league and 50 cents for the girls' society. Many signed up for year books at $1.50.

Fulltime instruction started in earnest Wednesday, but Tuesday Sequoia seniors gave incoming freshmen a baptism into the Cherokee tribe which included face-painting, wading in the fish pond, and other not-so-solemn rituals.

New elementary and kindergarten pupils arrived at school hanging on to mother's hand, and stared wide-eyed at older kids playing in the school yards. Elementary instruction also started Wednesday, with some schools operating a double shift because of crowded conditions.

There seem to have been some changes around the school yards over the years. The model A Ford has replaced the tin Lizzie Model T as the high school boys' jalopy, and motorized scooters are making inroads on the bicycle population.

Pigtails and middie blouses seem to be definitely passe, as colored sweater-and-skirt combinations lead the bobby-socks fashion parade.

Superintendent Argo reported the registration of 78 new students Tuesday, and predicted that registration will continue to increase for the next few weeks.

Heaviest enrollment in the elementary schools is in the kindergarten and first grades, Supt. Andrew Spinas said Tuesday. Central School alone had 60 enrolled in the kindergarten he said.

Spinas estimated that 2800 pupils, "about the same number enrolled at the end of last year," will register for school.

M.P. Tentatively Changes Site of New Grade School

The proposed site of the new school building for the Menlo Park School District was tentatively moved Monday night by the school board a few hundred feet west from the Pryor property at the corner of Encinal Ave. and Middlefield Rd. to the Andrews tract adjacent to Watkins Ave.

A delegation of home owners from Felton Gables, from the Lindenwood tract, and from other subdivisions in the area concerned argued against the use of the Pryor property and suggested the condemnation of the Andrews tract in its place. The home-owners complained that a school building adjacent to their property would lower the value of that property.

Use of the Andrews property, on the other hand, drew no objections from those present. The board promised it would investigate the possibilities of purchasing this land and make a report later.

The proposed site lies parallel to Watkins Ave. between Felton Dr. and Middlefield Rd. The front of the school probably would face on Middlefield Rd. directly opposite the end of James St.

James St., it was argued, would provide an access to the school from the fast growing Lindenwood tract and other subdivisions to the north. Having the school at the foot of James St. would also eliminate the necessity of the children walking along Middlefield Rd. on their way to and from school.

The southern end of the property would touch on Felton Dr., thereby providing access to Felton Gables and other areas to the south.

The Andrews property is within the city limits of Atherton whereas the Pryor property is in unincorporated area. Both are within the Menlo Park School Dist.

O. H. Olsen, superintendent of schools, told the group that the Pryor property was originally chosen because it was at the exact center of a circle one half mile in radius which covers the area needing the school facilities.

School Warnings By Safety Council

The San Mateo County Traffic Safety Commission Tuesday released the following advice to motorists and parents of children who go back to school.

"Back to school go Jane and Johnny with their hands full of books and their heads full of many things besides traffic danger. With them walks the future, Mr. and Mrs. Motorist.

"In our suburban community it is a wise practice to drive always at a moderate speed that will enable you to stop quickly if necessary in residential and school neighborhoods. Keep on the watch for sudden actions of children and especially the child on a bicycle.

"Fathers and mothers — your child's life may depend on how well you train him to make safety habits a part of his daily life. Your special emphasis on alertness and knowledge of safety rules and your example as a driver and a pedestrian are important in safety training."

S.C., Belmont Firemen Extinguish Blazes

The San Carlos Fire Dept. put out a small grass fire Sunday on Hall St. at 1:05 p.m. A few minutes later at 1:15, the Belmont Fire Dept. extinguished another small grass blaze on the Bayshore Hwy. near Harbor Blvd.

Scott Presented U.S., State Flags

Judge Edmund Scott, who took over as jurist of San Mateo County Superior Court Dept 2, in January, Tuesday was presented with United States and California flags by the Native Sons of the Golden West.

Atty. Wayne Millington, spokesman for Redwood City Parlor 66, made the presentation in the courtroom at noon, while more than 100 persons watched.

Ralph Dodge, city clerk, carried the Bear Flag to the bench for presentation, and County Assessor Martin J. Flynn carried the national flag.

Judge Scott, past president of Parlor 66, spoke briefly to thank the lodge for the flag set.

Judge A. R. Cotton, of Dept. 2, shared the bench with Judge Scott during the ceremonies.

Circus Cars Derailed

Cole Bros. Circus, which on Sept. 18 is slated for a Redwood City performance, Sunday night lost two of its 30 railroad cars in a Redding derailment that left animals trapped in their cages, but unhurt.

Attendents used an acetylene torch to cut through box cars and rescue 13 elephants from one car and lions, leopards, a hippopotamus, bears and seals from another.

Two circus employes were injured in the accident which occurred during switching operations.

Second Refrigerator Fire Damages Grocery Store

Redwood City firemen extinguished another refrigerator motor fire at the Vera Cash Grocery Sunday. At 6:40 p. m. they put out a fire in an ice cream refrigerator at the grocery on Vera Ave. at Clinton St.

Several weeks ago they extinguished a fire in another refrigerator motor at the same establishment.

Chief Joseph Lodi estimated damage Sunday night at $25, said the fire was probably caused by defective wiring.

Corn Is Green, Claims Menlo Man

Strictly corn is the content of a letter received by the Tribune from Frank Casajies, 419 Sixth Ave., Menlo Park.

Casajies reports that he grew champion ears of corn 21 inches long on stalks 10 feet high in his home garden, and he enclosed a picture to prove it.

In addition to his giant corn growing achievement, Casajies grew 200 pounds of onions, over 150 pounds of potatoes and a large variety of other vegetables.

Home Building Falls Off Here

Home construction apparently has slowed down in Redwood City, Bldg. Insptr. L. M. Duncan said Tuesday. Duncan said that during the first seven days of August he issued permits for the construction of $90,125 worth of buildings. During the first seven days of September, he continued, he issued permits for the construction of only $22,408 worth of buildings.

Duncan could give no reason for the falling off construction.

R.C. School Expenditure Lower Than Average

Redwood City Elementary School Dist.'s average total current expenditure per pupil of $94.13 for 1944-45 was less than the $100.57 median or midpoint expenditure for the 29 school districts of 2001 to 4000 elementary average daily attendance in the state, California Taxpayers' Assn. said Monday, making public the second section of its annual study of elementary school expenditures.

Optician's Wife Gets Final Decree

Judge A. R. Cotton Tuesday granted a final divorce decree and $405 monthly alimony to Mrs. Florence M. Ferrari of San Mateo, ex-wife of Milton W. Ferrari, San Francisco and Peninsula optician.

According to a property settlement, Mrs. Ferrari received a cash settlement of $16,750 in addition to costs and fees.

The couple was married in 1931 and separated in 1944. They have one daughter, Joline, 9.

3 Auto Raids Probed in County

Three reports of car boosting at Searsville Lake were made to the sheriff's office Monday afternoon.

L. Gottwald and Bernice Schmidt of San Francisco reported a wallet, $37 in cash, a wrist watch, diamond engagement and wedding rings, a ruby ring and identification papers were taken from their car by persons who forced open a side wing window.

'Routine Meeting,' Grand Jurors Say

If the San Mateo County Grand Jury takes up the matter of gambling at its regular meeting in the courthouse here tomorrow night, spokesmen for the group were keeping it to themselves Tuesday.

Thomas B. Foster, public relations representative of the grand jury, said as far as he knew, the meeting will be routine.

Joseph A. Ernst, foreman, declined to comment on any phase of the meeting, declaring, "Whatever Foster said, that's it."

News of Commuters

BY LOCOMOTIVE BILL

Commutation fares: The hearing before the Railroad Commission on the request of the Southern Pacific Co. for a rate increase was notable for its lack of interest on the part of Peninsula cities and commuters. The only organization with representatives present was the Redwood City Commuters Club and the Office of Price Administration.

Not one city attorney, chamber of commerce organization, service, improvement or other club representative was interested sufficiently to be present at the hearing. This apathy was in direct contrast to the 15 or more city attorneys, improvement clubs, chamber of commerce, and other club representatives in attendance at the Key System hearing on the previous day.

In the Key System case both the railway and the commission went to great length to prove or disapprove the financial exhibits submitted by both the railway and the commission. In the Southern Pacific Co. case no such critical analysis was made and the impression created was that the company had proven its right to an increase to the satisfaction of the commission.

Our only concern is that the rate experts of the commission will not be as thorough in checking the figures submitted by the railway as they would have been had there been more interest shown by Peninsula commuters. Certainly no Peninsula commuter will be in a position to criticize the commission if it sees fit to approve a full 20 per cent increase in the Southern Pacific Co. case while allowing a smaller increase to the Key System.

On yesterday afternoon 125 commuters and their wives attended the sixth annual barbecue of the Commuters Club at the beautiful tum Suden estate overlooking Redwood City. The party was voted by all of those present as one of the best in the history of commuter barbecues.

During the afternoon a program of entertainment headed by the darling of the airlanes, beautiful Helen Prendergast, was put on from a stage overlooking the swimming pool. Miss Prendergast's performance featuring a skit on commuters was one of the finest ever enjoyed by a commuter audience. Miss Prendergast is a real artist and the commuters were fortunate in obtaining her services for their show.

Other outstanding entertainers on the program were Mrs. Roy Cloud and Bert Conroy who rendered vocal selections, both singers receiving a great hand for grand performances. John Coss and his dialect stories was a real hit. A hula dance beautifully done by Gladys Senyohl received a big hand from the crowd. The master of ceremonies was that master showman, Bill Curran without which no show could be a success.

In addition to the acts the commuters' orchestra lead by a marvelous trumpet player, Lou Vargas, rendered selections during the afternoon. The orchestra was comprised of such fine musicians as Jack Welch, violinist; Lorin Dennison, banjo; Al Mueller, accordionist; Al Bragg, saxophone; Sanford DeBow, drums, and of course Lou Vargas. Bill Dobbyn accompanied the singers on the piano. During the dinner the crowd was entertained by Mrs. Richard tum Suden and Mrs. Astri Robinson two singers of exceptional ability.

Chef Stanley Perkins with the able assistance of Joe McClellan, Ray Cereghino, Harold Donnelly, Clarence Brizee, Mrs. George Raubinger, Mrs. Clarence Brizee, Mrs. Stanley Perkins, Mrs. B. Conroy and others put on a dinner that will be long remembered.

Electricity works hard in the modern home. And you put it to work in every room in the house. That's why house wiring today must be better, more complete . . . Adequate now and for the future.

Adequate Wiring gives added convenience, too. For example, when there are too few outlets, your furniture must be placed not where it looks best but where the few outlets are. Also one must disconnect a clock or radio to run the vacuum cleaner.

Insist on complete, modern Adequate Wiring in your new home. Look for it in your house plans and keep it there. Don't cut down on your house wiring. You'll be sorry later if you do.

PACK MORE THAN A SNACK... send a lunch with a punch!

Mid-day lunches should provide a real energy-boost to carry through to the evening meal. It takes hearty food to do the job . . . at school or at work. Depend upon Safeway to supply you with the things you need to pack substantial, tasty lunches for your family. Choose from a large assortment of quality lunch box foods **at SAFEWAY**

How to plan a lunch that's well balanced

With school days here many mothers again have the problem of what to pack in a lunch. Here are some ideas to remember, whether lunches are for school children or other members of the family—

- Make the lunch that's carried a part of your regular meal schedule. Fit it in with breakfast and dinner so that each meal supplies just about one-third of the day's food.
- Introduce variety by sending jars or covered paper cups filled with hearty salads or extras such as potato salad, cold baked beans, cottage cheese, kidney bean salad, macaroni salad. Other welcome extras are slices of cold roast meat or meat loaf, olives, hard-cooked or deviled eggs.
- Send along either fresh fruits or vegetables as a salad or as a dessert. Crisp celery, carrot sticks, radishes, whole tomatoes, or apples, pears, oranges, and other fresh fruits are welcome additions to the lunch box. Salads such as coleslaw, fruit salad, a wedge of head lettuce with salad dressing in a small covered jar or cup to dip it in, fruit-flavored gelatin salads in which fruit and crisp vegetables are molded—all can go in the lunch box.
- Desserts give energy as well as a satisfying finish to a lunch. Cake, gingerbread, nut bread, doughnuts, soft cookies, brownies, puddings such as cornstarch or custard, and pies, tarts or turnovers are good lunch-box desserts.
- Include a special treat—especially for a child's lunch box—such as a few stuffed dates and prunes, a bag of salted nuts, a candy bar, a few pieces of candy or a sucker.
- Don't forget that a hot soup in the thermos bottle tastes good on a cold day. And if the weather is hot, iced chocolate or tea, or lemon or orangeade is a refreshing addition.

Two Men Unhurt As Plane Crashes

Two San Rafael men escaped without a scratch late Saturday afternoon when their small private plane went out of control and landed on its back at Palo Alto Airport.

Both men were held securely by their shoulder safety straps. They were John W. Justice, pilot, and John Rivera, passenger.

Frank Moore, airport flight director, said Justice had just taken off on his return trip to San Rafael when he noticed a part of the engine cowling on the Stearman PT-13 coming loose. He banked around flying low and lost control of the plane, which looped over and landed upside down near the runway.

Moore said the wings, tail section and propeller were badly damaged but that the plane was not washed out.

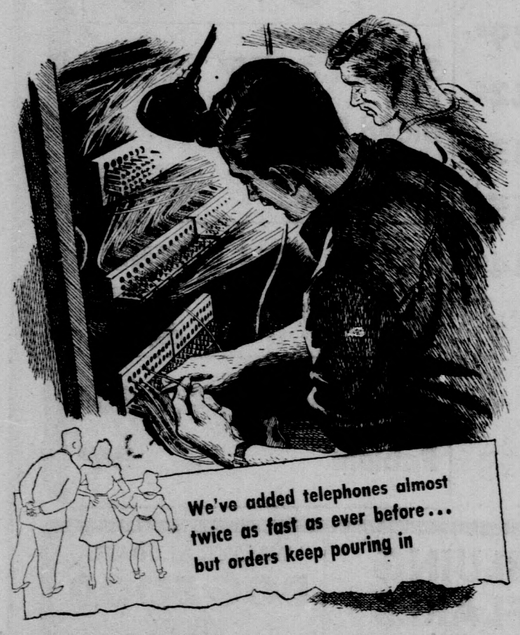
The crash occurred at 4:15 p.m.

Two Fires Reported Within Two Minutes

Two no-damage grass fires reported within two minutes Monday morning sent county fire engines to Vista Dr., Emerald Lake, and 10th Ave. and Page St.

Sunday at 11:49 a.m., county fire fighters extinguished a small fire in a cabin at 121 Nottingham Ave. Dispatcher Roy Ruis said the fire started when an electric light bulb heated wall paper to the kindling point.

Report to people who are waiting for telephone service



More than 324,000 telephones have been added on the Pacific Coast in the first full year since the war. During the first half of 1946 we added telephones almost twice as fast as ever before.

Still, there is a tremendous job yet to be done. The Pacific Coast is continuing to grow rapidly. New applicants for telephone service have been pouring in at double the rate a year ago.

But we are doing our best to catch up. Millions of dollars worth of new equipment is on the way.

You may be certain that we will bring you your telephone just as soon as we possibly can. Thank you for your patience.

YOUR Lucky MEN OF THE WEEK!

. . . A Success Story In Five Steady Steps!

GLEN HORSLEY liked his job in 1937 as Grocery Clerk. We told him this was Lucky for us for we promoted him to Assistant Store Manager. His third step made him a Store Manager. One step more—making four—and he was Buyer for the Grocery Departments. Swinging into step number five, he finds himself standing high in our list of important positions, as Assistant to the Buyer and Manager of the Drug and Sundries Department.

He is 38 years old, is raising a family of three boys and two girls, and lives in his own home at 326 West Broadmoor Blvd., San Leandro. You can hear him humming Brahms or Gershwin any day, for his hobby is music.

. . . Promotion and Pay the FAIGHTful Way!

MYRON FAIGHT saw a future when he decided to accept a position as Grocery Clerk in 1936. We know we shouldn't make puns on names, but it really was Lucky for us that through his foresight and faithful interest in detail and organization he became, first, Assistant Manager, then Store Manager, and is now Supervisor of Stores.

He is 36 years old and lives with his wife and two sons at 605 Masonic Avenue, Albany. If you are a book lover, you may find him browsing through your favorite book store, since his hobby is building a library of his own that he and his family and friends may enjoy at their leisure.

. . . Knowing the Ropes He Kept the Wheels A-spinning

HARRY SHARP is in charge of Truck Transportation. He had to be as alert and keen as his name implies, for he kept the Lucky "covered wagons"—our truck fleet — moving supplies for our customers during the troublesome years when there were few replacements and fewer mechanics, and when it was a real problem to keep his rolling stock on the road. Lucky for us that Harry Sharp began driving our trucks in 1935 and eventually became a "wheel boss."

He is 38 years old, married, and has a son and a daughter. The family home is at 2332 - 66th Avenue, Oakland. It doesn't surprise us that his hobbies are the precision ones of golf and craft work.

*This is one of a series of biographical sketches of the men who have made Lucky Stores the favorite shopping places of Northern California.
